President's Welcome

2016 North Central Weed Science Society Meeting

Welcome to Des Moines for the 71st annual North Central Weed Science Society meeting. This event is an important venue for all of us to discuss the latest research, education, and outreach activities in the field of weed science. It provides a great opportunity to learn new technologies, share information and experiences with many of the leading experts in weed management, and to catch up with old or new friends. I look forward to visiting with many of you soon!

Mike Owen and the Local Arrangements Committee have been working hard with the Des Moines Marriott Downtown hotel to prepare for our meeting. The venue is excellent and I anticipate they will meet all our expectations.

Program Chair, Greg Dahl, has assembled an excellent program. He has organized some new and interesting symposia and events, such as the Public Issues and Communication Issues/Extension discussion as well as New Technology Presentations. This is in addition to our regular slate of poster and paper presentations. We will also be going Mobile! In addition to the program booklet, we will be using the Guidebook App to assist you in planning your schedule for the annual meeting.

I will be organizing our 3rd 'Women in Weed Science' Networking Breakfast with Marji Alaniz, Founder and President of FarmHer, Inc., sharing about her advocating work in agriculture. This year's Industry Breakfast will feature Rodney Williamson, Director of Research and Development with Iowa Corn. Rodney will be discussing the Des Moines Waterworks Lawsuit, and implications for agriculture. The Industry Breakfast is open to all attendees at the meeting, and tickets for the event can still be purchased on site.

I encourage you to become involved in the North Central Weed Science Society, to ensure its continued success. This is through your attendance at the meeting and giving presentations. Also, your service on one or more of our many committees is very welcome. Every committee of the society will meet during the conference. Please feel free to attend any of the committee meetings that interest you, and please volunteer to serve. Be sure to let the committee chair or Greg Dahl know that you would like to join. Committee assignments for 2017 will be made soon after the meeting. Volunteering is one of the best things you can do for the Society and for yourself.

Thank you for this opportunity to serve you as President of the North Central Weed Science Society. I continue to meet new people in my role as President, and I am excited to see how we continue to make significant contributions to weed science and to the NCWSS. If there is anything I can do to make a better NCWSS annual meeting, please let me know. I look forward to seeing you in Des Moines.

Anita Dille, President
